## FOREWORD

In releasing the 1965 Municipal Directory, I would like, on behalf of all those who find it useful, to express appreciation to the municipal officials who furnished the Department with the information from which it has been compiled.

The improvements which were made in last year's publication have been supplemented by the extension of the table of changes in municipalities so as to include not only the municipalities which have been incorporated, erected and dissolved, but also the municipalities which have been the subject of amalgamation and annexation of territory between January 1, 1964, and January 1, 1965.

I like to think that the increase year by year in the number of copies purchased by the public is an indication that the Directory is serving more and more to facilitate the work of all those connected with the activities of municipal government in Ontario.

A handwritten signature in dark ink, appearing to read 'J. W. Spence', is written over a horizontal line.

# ASSESSMENT

## EXPLANATION

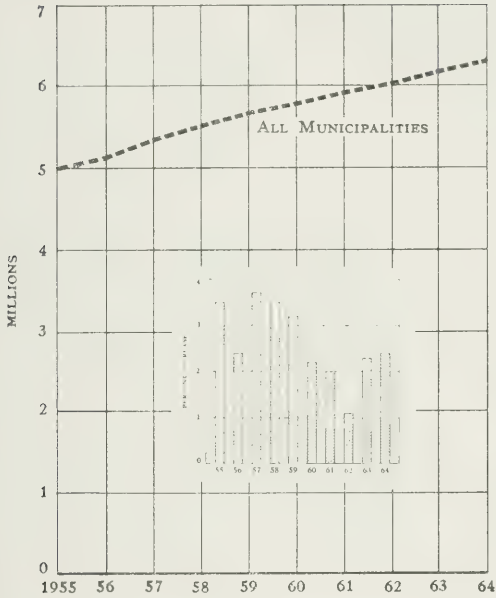

The taxable and the exempt assessment of the municipalities, which is entered on pages 18 to 117, is referred to as the "1964 assessment", and was determined and reported by the assessor during the year 1964 and was delivered to the clerk prior to October 31st of that year. The taxable assessment, as entered on the above-mentioned pages, is that upon which realty and business taxes for the year 1965 will be levied, subject to minor variations because of appeals.

The growth in exempt assessment, as disclosed in these graphs, may be explained substantially by the fact that, prior to recent years, many municipalities either did not assess exempt properties at all or assessed them at unrealistic amounts.

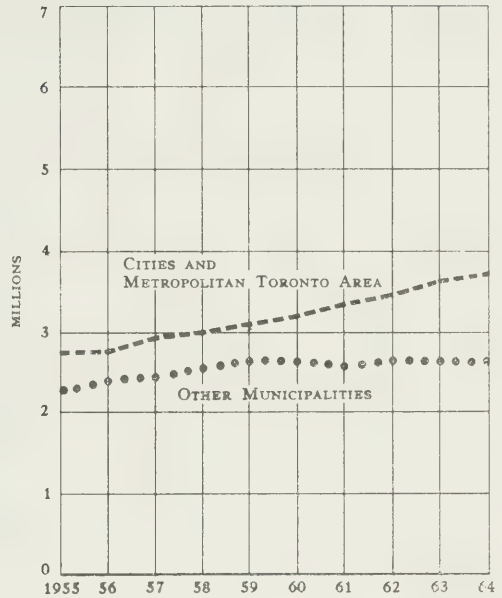

# POPULATION

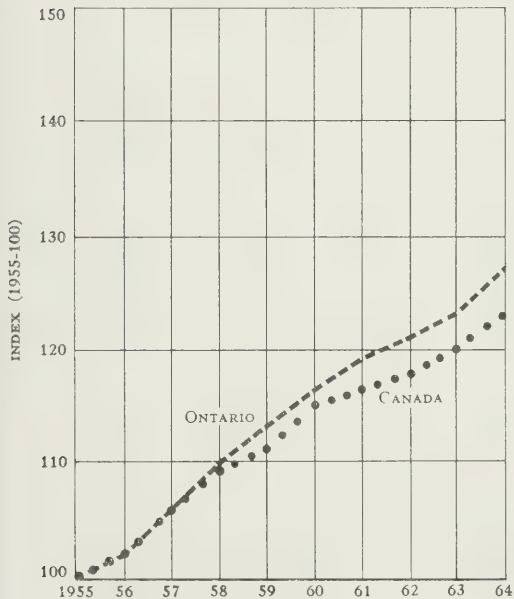

POPULATION GROWTH

POPULATION GROWTH

RELATIVE POPULATION GROWTH

## EXPLANATION

The population of each municipality which is entered on pages 18 to 117 is referred to as the "1964 assessed population" and is the total population residing therein on a permanent basis reported by the assessor during the year 1964 less the number of persons who reside in institutions, defence establishments, and on Indian reserves. The assessed population has been used in the preparation of the graphs.
